

Wireless Wall Mount
Humidity/Temperature
Sensor

RedLINK Gateway

VP-3600 Controller

Features

- Built in humidity and temperature sensors
 - Automatic changeover of setpoints
 - Easy to use interface
- Remote internet access with RedLINK gateway (sold separately)
- Wireless, wall mount, humidity/temperature remote sensor (sold separately)

Technical Specifications

Power Consumption	Backlight on: 1.44 VA Backlight off: 1.32 VA
RedLINK Communication	Frequency: 900 Mhz frequency range Re-Sync Time: RedLINK devices re-establish communication within 6 minutes after AC power resumes
Temperature Sensor Accuracy	±1.5 °F at 70 °F (0.75 °C at 21.0 °C)
Humidity Display Range	0% to 99% RH
Humidity Sensor Accuracy	±5% RH from 30% to 50% RH at 75 °F
